- **Signs 1,200<sup>th</sup> Healthcare Customer**
- **Solutions Now Installed at 20% of Hospitals in the United States**
- **New Portal Service Supporting 1,500 Unique Customer Locations**
- **Becomes a top 50 Revenue-Producing Healthcare IT Company**

HATBORO, PA – *July 19, 2007* – InfoLogix, Inc. (OTCBB: IFLG), a leading technology provider of mobile enterprise solutions for the healthcare and other commercial industries, announced that it has achieved several significant growth objectives.

With the recent signing of a major hospital client, InfoLogix has now reached a total of 1,200 healthcare customers. This represents approximately 20% of all hospital facilities located in the United States. InfoLogix also recently expanded its sales force to over 40 people to strategically increase product and service depth within existing customer accounts, while aggressively pursuing additional market share.

InfoLogix's proprietary Customer Care Portal Service, launched for the commercial and healthcare markets in the second quarter of 2007, is already supporting over 1,500 unique customer locations and more than 10,000 managed assets. The Portal enables customers to manage complete mobile asset deployments, across multiple locations, all the way down to the device level—while providing access to business intelligence that optimizes the overall mobility solution. The Portal maximizes the benefits of RFID technology to track large-scale mobile asset deployments, and provides a highly efficient method for accessing real-time service information and device history.

As previously announced, InfoLogix was also identified as one of the leading healthcare technology companies by Healthcare Informatics. Within the most recent Healthcare Informatics 100—the annual list of top companies by healthcare IT revenue, InfoLogix claimed the third-greatest move among all of the Top 100 healthcare IT revenue producers by ranking at #44 for 2007, extending its rapid ascension up this elite list.

Due to its accelerating growth, InfoLogix has doubled the size of its suburban Philadelphia, PA headquarters by adding 15,000 square feet to the facility. The new facility will be able to house the additional personnel InfoLogix will need to support its strong organic growth. For the second quarter of 2007 InfoLogix recently announced anticipated revenue growth of 55% over the prior quarter.

"We are extremely pleased with the company's accelerating operational growth," stated David Gulian, president and CEO of InfoLogix, Inc. "We believe the overall expansion is a direct result of executing on our strategic growth plan. We are confident that our current relationships in the healthcare and commercial markets will lead to new sales opportunities with current clients as

well as serve as potential points of entry for new customer accounts. We are seeing revenue growth from our sales team expansion and are continuing to add quality professional staff to our team. Management believes that we will continue to increase our sales and expand our customer base.”
